# CVCC & CCVC Word List

179 CVCC words (ending blends) and 74 CCVC words (opening blends), grouped by short vowel.

CVCC words end in two consonants: hand, jump, milk, nest. The vowel stays short because it is still closed. Teach CVCC first the start of the word does not change from the CVC word the child already reads (an -> and, sand -> sand).

CCVC words open with two consonants: clap, frog, stop, swim. Both consonants are heard, so the child has to blend the opening before reaching the vowel. Wait until CVCC is fluent.

## CVCC Ending Blends

### Short A (48)
